Call for expressions of interest for the Collaborative Doctoral Partnerships (CDP)

JRC (Joint Research Centre) ha recentemente pubblicato la seconda call of interest on **Collaborative Doctoral Partnership (CDP)**, nei seguenti campi:

- ⇒ Digital Governance
- ⇒ Smart, connected and clean mobility
- ⇒ EU Energy Transition
- ⇒ Development of methods to monitor progresses, design transformations and identify solutions to achieve SDGs
- ⇒ Secure and sustainable supply of raw materials for strategic value chains
- ⇒ Artificial intelligence for earth observation
- ⇒ Graphic causal models for hybrid threats
- ⇒ Resilience of built infrastructure to natural and man-made hazards
- ⇒ Health promotion and prevention of non-communicable diseases (NCDs)
- ⇒ Non-power nuclear and radiological technologies to achieve the SDGs 2030 Agenda
- ⇒ Synergies of qualitative and quantitative methods for anticipation activities
- ⇒ Behavioural insights applied to policy-making
- ⇒ Robustness in complex data analysis and statistical modelling

La partecipazione è aperta agli istituti di alta formazione e alle università provenienti dagli Stati membri e dai paesi associati ad Horizon 2020.

Scadenza: 3 maggio 2020.

Webinar - IP BOOSTER

Want to know more about IP Booster before applying?

Now's your chance to ask our experts!

Il prossimo 12 febbraio alle ore 15.00 si terrà il webinar informativo sull'IP Booster.

Di cosa si parlerà?

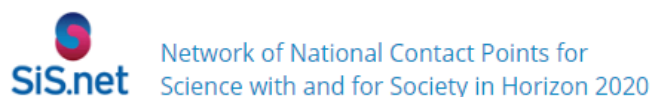

- ⇒ What is IP Booster
- ⇒ What's involved in each of the 5 services on offer
- ⇒ Who are the experts and how can they help public research organisations make the most of their IP
- ⇒ What do organisations that have already benefited from IP Booster say about the services
- ⇒ Ask technical questions and receive answers in real time
- ⇒ Find out how to apply

Per maggiori informazioni scrivere a: ipbooster@meta-group.com.

Nell'oggetto della mail inserire: IP Booster info webinar questions

Per registrarsi: <https://bit.ly/3br9DBJ>

BANDI SWAFS 2020

SiS.net3, la rete degli NCP europei per il programma Scienza con e per la Società, ha organizzato a Bruxelles il 16 gennaio un brokerage event con incontri bilaterali pre-organizzati al fine di facilitare la creazione di par-tenariati e collaborazioni internazionali per il Programma SWAFS, bandi 2020.

Le presentazioni dei diversi bandi SWAFS 2020 diffuse durante l'evento insieme ai video della Commissione sono disponibili qui:

http://download.apre.it/bandi_SWAFS_2020.pdf

Angelo D'Agostino dagostino@apre.it

EVENTI

Verso Horizon Europe - Mission: on line il calendario degli eventi in Italia.

Scopri gli appuntamenti in programma e segnala il tuo evento!

Su spinta della Commissione europea e sotto la regia dei rappresentanti dei Mission board si apre in Italia **una stagione di eventi** di informazione, scambio e discussione sui temi delle **cinque Mission del nuovo programma quadro**: lotta contro il cancro, città a basso impatto ambientale, nuova gestione degli ecosistemi marini e dell'acqua, riduzione dell'impatto antropogenico sul cambiamento climatico e uso sostenibile delle risorse naturali.

Al centro la comunità scientifica di riferimento, i suoi stakeholder e i cittadini.

Stai organizzando o sei a conoscenza di un evento sul tema delle Mission in Horizon Europe?

Puoi segnalarlo attraverso questo semplice form:

<https://bit.ly/2vhqo1Q>

La redazione APRE lo aggiungerà al Calendario on line "Mission in Italia – Eventi".

Consulta il Calendario "Mission in Italia – Eventi"

(in aggiornamento): <https://bit.ly/2OIBhRb> e partecipa alla discussione verso Horizon Europe: <https://bit.ly/38jgUS4>

18 febbraio 2020

Il bando Research and Innovation Staff Exchange (RISE): cosa è e come funziona

INFO: <https://www.apre.it/aprewebinar>

Fondi per partner canadesi

Il Governo canadese mette a disposizione degli enti canadesi che intendono partecipare ai bandi Horizon 2020 dei fondi, ma solo per proposte in alcuni topic selezionati .

Maggiori informazioni al seguente link: <https://bit.ly/2SB1e5Z>

- ⇒ Network and traffic management for future mobility
- ⇒ Understanding and mitigating the effects on public health of emerging non-regulated nanoparticle emissions issues and noise
- ⇒ Emerging challenges for soil management
- ⇒ Forest Fires risk reduction
- ⇒ Supporting the implementation of GEOSS in the Arctic in collaboration with COPERNICUS
- ⇒ Understanding the transition to a circular economy and its implications on the environment, economy and society
- ⇒ Scientific data exploitation
- ⇒ Curation of digital assets and advanced digitisation
- ⇒ Inclusive and innovative practices for the integration of recently arrived migrants in local communities
- ⇒ The Common Foreign and Security Policy and the expanding scope of the EU's external engagement
- ⇒ Transformative impact of disruptive technologies in public services
- ⇒ Addressing low vaccine uptake
- ⇒ Digital diagnostics – developing tools for supporting clinical decisions by integrating various diagnostic data SC1-BHC-06-2020
- ⇒ Micro- and nano-plastics in our environment: Understanding exposures and impacts on human health
- ⇒ Hands-on citizen science and frugal innovation
- ⇒ Taking stock and re-examining the role of science communication
- ⇒ Advanced research methods and tools in support of transport/mobility researchers, planners and policy makers
- ⇒ Combined clean biofuel production and phytoremediation solutions from contaminated lands worldwide
- ⇒ Towards global environmental regulation of supersonic aviation
- ⇒ Towards sustainable urban air mobility
- ⇒ Accelerating the uptake of computer simulations for testing medicines and medical devices
- ⇒ International cooperation in smart living environments for ageing people
- ⇒ Personalised early risk prediction, prevention and intervention based on Artificial Intelligence and Big Data technologies
- ⇒ Human factors, and social, societal, and organisational aspects for disaster-resilient societies
- ⇒ Human factors, and social, societal, and organisational aspects to solve issues in fighting against crime and terrorism
- ⇒ International cooperation with Canada on advanced biofuels and bioenergy
- ⇒ Social Sciences and Humanities (SSH) aspects of the Clean-Energy Transition
- ⇒ Improving road safety by effectively monitoring working patterns and overall fitness of drivers
- ⇒ Bio-based industries leading the way in turning carbon dioxide emissions into chemicals
- ⇒ Fisheries in the full ecosystem context
- ⇒ Plastics in the environment: understanding the sources, transport, distribution and impacts of plastics pollution
- ⇒ Polar climate: understanding the polar processes in a global context in the Arctic and Antarctic regions
- ⇒ Strengthening international collaboration: enhanced natural treatment solutions for water security and ecological quality in cities
- ⇒ Understanding climate-water-energy-food nexus and streamlining water-related policies
