**REF. N. 17\_21**

**International Atomic Energy Agency  
Marie Sklodowska-Curie Fellowship Programme  
(MSCFP)**

The IAEA Marie Sklodowska-Curie Fellowship Programme (MSCFP) seeks to inspire and support young women to pursue a career in the nuclear field. To that end, the MSCFP provides scholarships to selected students studying towards a master's degree in nuclear related subjects as well as internship opportunities facilitated by IAEA. Selected students are awarded up to 20,000 euros for tuition costs and up to 20,000 euros for living costs for the duration of their master's programme.

The Marie Sklodowska-Curie Fellowship Programme (MSCFP) aims to help increase the number of women in the nuclear field, supporting an inclusive workforce of both men and women who contribute to and drive global scientific and technological innovation.

**Eligibility criteria**

The IAEA MSCFP is open to students from IAEA Member States who meet the following entry requirements:

Female candidates;

Accepted by or enrolled in an accredited university in Master's programme.

Preference will be given to applicants with above average academic credentials (75% or above or GPA > 3.0 out of 4.0).

**Fields of study**

The programme supports young women studying in nuclear related fields relevant to the IAEA's work to advance the safe, secure and peaceful uses of nuclear science and technology such as nuclear engineering, nuclear physics and chemistry, nuclear medicine, isotopic techniques, radiation biology, nuclear safety, nuclear security and non-proliferation.

**Deadline: the online application period closes on 30 September 2021 at 23:59, Vienna time.**
